

# UNITED Scientific Meeting

## Basle - Switzerland

2021, Oct 8<sup>th</sup>- 9<sup>th</sup>

United Academy 4th International Meeting - Jean-Alain Epinette, M.D & Joan Leal, M.D.

---

Presidents: Prof Philippe Neyret & Dr. Med Daniel Weber

### PROGRAMME

Friday Morning, Oct 8<sup>th</sup>

#### 1. IMPLANTS

11. HIP Chair : Pascal BIZOT

**8:30 - 111- Length of stems: does it matter ?**

- 1111- Short stems are the future ! - *Puch Jean Marc*
- 1112- The right choice of the stem is a key to success - *Bondarenko Stanislav*
- 1113- Limited indications for short stems - *Mertl Patrice*

**9:00 - 112- Had CoC bearings gone out of fashion ?**

- 1121- I still always use CoC bearings ! - *Bizot Pascal*
- 1122- I systematically use HXLPE nowadays! - *Griffith Jamie*
- 1123 - Never say always or never ! - *Hamadouche Moussa*

**9:30 - 113- Instability after primary THA : shame on you!**

- 1131- Still always Big Ceramic Heads - *Ribas Manel*
- 1132- Dual Mobility Cups are the best for everyone! - *Chahine Assi*
- 1133- Hip Resurfacing is the best prevention in all cases - *Girard Julien*

**10:00 - 114 - Fixation: The never-ending question !**

- 1141- Cement remains the past, present and future - *Dujardin Franck*
- 1142- HA coatings are the biological success – *Epinette Jean-Alain*
- 1143- Cemented Stems: when and for whom ? - *Kerboull Luc*

10:30 : Break

12. KNEE Chair : Philippe NEYRET

**11:00 - 121- Patella in TKA: are you a resurfacing guy?**

- 1211- For sure, I am a happy resurfacers ! – *Remy Franck*
- 1212- Sorry, I never do, and it works ! – *Epinette Jean-Alain*
- 1213- Both are working well if well done... - *Peersman Geert*

**11:30 - 122- Unicompartmental Knee... still a controversial option ?**

- 1221- I never find any real indication for Unis... - *Macule Francisco*
- 1222- I carefully select my "ideal" cases for Unis... - *Deltour Arnaud*
- 1223- The UNI knees work well and long ! - *Valloton Jacques*

**12:00 - 123- The outcomes of tibial plateaus : Full PE, uncemented, metal back ?**

- 1231- Full PE is the safest and less expensive choice - *Hourlier Hervé*
- 1232- Metal back allows for critical benefits - *Hinarejos Pedro*
- 1233- Metal Back... yes but only for uncemented! - *Demey Guillaume*

**12:30 - 124- Custom knees... the What and the How !**

- 1241 - There is a need for custom knees - *Puig Luis*
- 1242 - What benefit for the patient ? - *Markus Arnold*
- 1243 - Is there still room to consider an innovative standard knee? - *Demey Guillaume*

**13:00 : LUNCH**

**Friday Afternoon, Oct 8<sup>th</sup>**

## **2. TECHNIQUES & PROCEDURES**

**21 – HIP Chair : Patrice MERTL**

### **14:00 - 211- Preop planning: what's up ?**

- 2111 - Is preop planning really mandatory in all cases ? - Tey Marc
- 2112 - Scanner : the best is not the enemy of good ! - Mertl Patrice
- 2113- Sophisticated imaging process: for whom ? - Sariali Elhadi

### **14:30 - 212 - Disposable instruments... true progress or passing fad?**

- 2121 - I really do not believe in... costly for nothing ? - Boisgard Stéphane
- 2122 - Cost saving option... can it be proven ? - Leal Joan
- 2123 - Benefits versus pitfalls... the balance sheet - Bizot Pascal

### **15:00 - 213 - Hip and Spine... the best enemies ?**

- 2131 - Can we nowadays ignore these interactions? - Hernandez Alexandro
- 2132 - The myth of ideal positioning of cup ! - Sariali Elhadi
- 2133 - I do not care, I use DM in all cases ! - Puch Jean-Marc

### **15:30 - 214 - Leg length discrepancy: How to deal with ?**

- 2141 - I simply check perioperatively – Ribas Manel
- 2142 -Apart from the 3D preop, no salvation? - Sariali Elhadi
- 2143 - True vs. False discrepancies: for whom and How – Weber Daniel

**16:00 : Break**

**22 – KNEE Chair : Sébastien LUSTIG**

### **16:30 - 221 - PSI vs. Navigation... Are they really useful ?**

- 2211- I believe in PSI ! - León V.Jesús
- 2212 - PSI devices are not better than navigation ! - Vanderschelden Yves
- 2213 - Is there a life out of PSI, navigation & so on? - Badet Roger

### **17:00 - 222-Ligament Balance depending on coronal deformity: "hostinato rigore" ?...**

- 2221 - Achieving stability by Measured Resection - Pedro Hinarejos
- 2222 - Achieving stability by Gap Balancing - Leal Joan
- 2223 - The absolute need for both combined techniques - Hirschmann Michael

### **17:30 - 223 - Kinematic alignment ... the Pandora box ?**

- 2231- The true principles of the kinematic alignment - Deltour Arnaud
- 2232- I am happy with the classic mechanical process - Carlos Martin
- 2233 - How can we assess a real benefit for the patient? - Neyret Philippe

### **18:00 - 224 - Will we be soon operated by robots? What's up today about ?**

- 2241 - Robotic is magic, the very new mantra... - Lustig Sébastien
- 2242 - Robots will never replace the human hand! - Martin Carlos
- 2243 - I there a real functional benefit for our patients? - Boisgard Stéphane

**18:30 – END OF FRIDAY SESSIONS**

**Saturday Morning, Oct 8<sup>th</sup>**

## **3. THE PATIENT**

**31. What you would do ? - Chair : Roger BADET**

### **8:00 - 311 -Return to sports activities in young patients: for whom and when ?**

- 3111- Rapid recovery procedures are the key - Griffith Jamie
- 3112 - Does RAC Break Recommendation Codes after THA/TKA ? -Villeminot Jérôme
- 3113 - Contact and high-impact sports after knee replacement? - Neyret Philippe

### **8:30 - 312 - The dissatisfied patient... shame on you !**

- 3121 - Information, Expectations, Satisfaction; the magic triangle? - Leal Joan
- 3122 - What do we do, when do we revise ?- Macheras George
- 3133- 3123 - A proposed algorithm for dealing with... - Hirschmann Michael

**9:00 - 313 - The "fragile patient": obese, alcohol addict, anticoagulant, and more!**

3131- The right choice of the stem is a key to success - Bondarenko Stanislav

3132 - Will the surgical planning be modified accordingly? - Assi Chahine

3133- Do you accept to operate these "challenging" patients ? - Tey Marc

**9:30 - 314 - Bacteria, here is the enemy!**

3141 - New trends and treatments in septic complex hip revision - Hamadouche Moussa

3142 - Challenges in detection - Puig Luís

3143 - Usual controversies around treatments in deep infections - Bondarenko Stanislav

*10:00 : BREAK*

**32 – EVALUATION - Chair : Stéphane BOISGARD**

**10:30 - 321 - "Objective" Scores, Proms & Registries... Only facts ???**

3211- I believe only in registries - Hoffmeyer Pierre

3212 - Objective scores and PROMS are necessary - Mertl Patrice

3213 - Surgeon happy, patient unhappy... is it agreeable? - Torrens Carlos

**11:00 - 322 - News means of educational methods: from virtual reality to robots**

3221 - What can be proposed as virtual reality right now? – Lustig Sébastien

3222- Robotics in Knee arthroplasty: superiority in balancing/alignment – Stanovici Julien

3223 - The "Viktor Robotic Arm" : evolution or revolution ? – Paolo Fiorini

**11:30 - 323 - What's up right and tomorrow: back to the future ?**

3231 - New technologies for the management of soft tissue in TKA - Romero José

3232 – Is remote surgery a fantasy or the next reality? - Macule Francisco

3233 - Custom implants for everybody in the future: really realistic ? - Vial Nicolas

**12:00 - 324 - Evidence-Based Medicine: the Master Word ?**

3241 – New Registries: Observational, epidemiologic, or "smart data"? - Boisgard Stéphane

3242 - The updated UEA registry... already 5 years ! - Epinette Jean-Alain

3243 - Questions, answers & Comments – ALL

*12:30 : WRAP UP AND FAREWELL*

## FACULTY

-

Scientific Committee: Dr JA Epinette – Dr Joan Leal – Pr Ph Neyret – Dr Daniel Weber

Assi Chahine	Lebanon	Hirschmann Michael	Spain	Puch Jean-Marc	France
Badet Roger	France	Hoffmeyer Pierre	Switzerland	Puig Luís	Spain
Bizot Pascal	France	Hourlier Hervé	France	Remy Franck	France
Boisgard Stéphane	France	Kerboull Luc	France	Ribas Manel	Spain
Bondarenko Stanislav	Ukraine	Leal Joan	Spain	Romero José	Switzerland
Daubresse François	Belgium	León V.Jesús	Spain	Sariali Elhadi	France
Deltour Arnaud	Belgium	Lustig Sébastien	France	Stanovici Julien	Switzerland
Demey Guillaume	France	Macheras George	Greece	Tey Marc	Spain
Dujardin Franck	France	Maculé Francisco	Spain	Torrens Carlos	Spain
Epinette Jean-Alain	France	Markus Arnold	Switzerland	Valloton Jacques	Switzerland
Fiorini Paolo	Italy	Martin Carlos	Spain	Vandershelden Yves	France
Griffith Jamie	UK	Mertl Patrice	France	Vial Nicolas	Switzerland
Hamadouche Moussa	France	Neyret Philippe	France	Villeminot Jérôme	France
Hinarejos Pedro	Spain	Peersman Geert	Belgium	Weber Daniel	Switzerland
